

CORRESPONDENCE

PAROWAN.

Parowan, Utah, June 1, 1905.

James Connell, his wife and daughter, are reported very sick.

We are pleased to report that John E. Eyre is recovering from his severe attack of pneumonia.

Thomas Winn, an old-time resident of Summit who has been residing in Oregon for a number of years, is here visiting relatives and friends for a short time.

Wilcox's sawmill made a short run last week. All the other sawyers being otherwise engaged, Uncle Alex had a pull at the levers again. The lumter will go to Pioche, which camp seems to be reviving a little.

Mahonri Decker and Miss Hattie Norris secured a license from County Clerk Morris and started to St. George, where they intend to be married in the temple next week. Miss Norris is one of the counselors to the Young Ladies Mutual Improvement Association and a teacher in the Sunday School, and for a short time was assistant county recorder.

Wm. H. Lyman reports that the sheep in Beaver and Iron counties, with the exception of one small bunch, are free from scab and all disease, and in good condition. In Millard county they are not so fortunate, several of the owners being obliged to dip their flocks before taking them to their summer ranges.

There was a little unpleasantness last week in one of the near-by villages. A complaint was lodged in Justice Matheson's court, as the justice of the peace was absent from the town where the trouble occurred. Later the charge was withdrawn, at the request of the parties. The good old book says: "How pleasant it is to see brethren dwell together in peace."

County Recorder Emily C. Watson received a letter this morning asking for a statement of all the licenses that are recorded by persons practicing dentistry in Iron county. The inquiry comes from the state board of examiners. The communication stated, also, that if any person was practicing dentistry in the county without having recorded their license they would be prosecuted.

County Clerk Morris reports having issued warrants to the amount of \$600 in payment of bounty claims for the month of May. \$100 was for the payment of bounty on rabbits and the remaining \$500 on gophers or prairie dogs. At this rate the clerk states that the county will soon be out of funds. The total expense of the county for the present year to date is a little over \$2,800.

Last night what might have resulted in a serious accident occurred at the residence of County Recorder Emily C. Watson. One of her daughters has been sick for the past nine weeks, which has necessitated the keeping of a lamp burning all night; but last night they blew the lamp out—as they supposed—and retired. Some time later they were awakened by the smell of smoke or gas. One of the young ladies discovered that there was a light in the lamp below the burner, and hastened to take the lamp out of doors. She had just reached the outer air when it exploded, but fortunately did no damage. Had the lamp exploded in the house very serious consequences might have resulted.

SUMMIT.

Summit, Utah, May 31, 1905.

Mrs. Fred Dalley and child from Provo are visiting friends in Summit.

Mrs. Elzina Hulet has a fine new Estey organ, bought from Joseph Casslett of Cedar.

Mrs. Margaretta Dalley is having a severe siege of bronchitis and la grippe.

A number of our people are in Cedar this week enjoying the commencement exercises at the Normal.

Don't you hear the wedding bells?

Bears are more numerous this season than they have been for a number of years. We hear that they have killed five cows at Jones' dairy,

some of them in broad daylight. Young Ves Jones had quite an experience lately. He was awakened from his slumbers by hearing an uncommon noise outside his tent, which investigation proved to be bears sniffing around. Finally one of them fell over the tent ropes, which so badly scared Ves that he grabbed his gun and shot through the tent, haphazard. Then they limbered off. It was light enough for him to see three, and later he found one huge fellow lying dead. It measured 2 feet, 9 inches around the hips.

SPRINGDALE.

Springdale, Utah, May 28, 1905.

Ep. O. D. Gifford is under the weather just now.

Today our ward Sunday School conference is in session, but several of our teachers are absent, gathering steers for the sale which takes place on the 7th of June.

Wm. D. Owen of the General S. S. Board, and Elder George Spilsbury of the Stake Board are in attendance. A good time is being enjoyed by those present.

It is expected that John R. Crawford and wife, and Mrs. Daniel Crawford will start to St. George today to work in the temple for a week. Alpheus Gifford, who has been spending a few days at the same place, will be back today.

The past week has been a busy one with our farmers. It has been hay time. The weather had been threatening for some time but it did not storm until about 4 p. m. on Saturday. Quite a lot of hay was caught out and damaged, as it hardly ceased to pour down all during the night. While the wet damaged our hay some we feel that there was more good done than harm.

ENTERPRISE.

Enterprise, Utah, May 27, 1905.

Mrs. Sarah Day has been quite sick for the past week, but is getting some better now.

Born.—To the wife of James Canfield, a girl. Mother and babe are doing finely.

We have had a great deal of rain this spring and it is raining today. Our gardens look well.

Monday, the 22nd, a farewell party was given to Franklin Terry, who is going on a mission. There was a nice program, refreshments were served, and the occasion was very much enjoyed. We danced until 4 o'clock in the morning, and a purse of \$30 was raised for the benefit of the departing missionary.

A celebration will be held here on Brigham Young's birthday.

Wm. Stirling, Sr., is back from St. George again and is able to get around with the aid of crutches.

Mrs. Ada McMullin was pleasantly surprised last Friday afternoon, when a number of ladies came and sewed a basket of carpet rags for her.

A man known as Dan McMann, who loitered around here after the cave-in at the Dixie, is said to be Butch Cassidy.

A surprise was given to Charles Hanson and Willard McMullin Sunday evening by way of saying goodbye to them for a while, as they went to Newhouse to work the following morning.

ROCKVILLE.

Rockville, Utah, May 29, 1905.

There was another fine rainstorm here Saturday.

next month, and are also driving their cows on the mountain for the summer.

Nannie Blazzard entertained a number of friends on the evening of the 28th. All spent a very pleasant evening.
